Dear Parent/Carer

17<sup>th</sup> February 2023

**Re: Science challenge for half term**

Week commencing Monday 6<sup>th</sup> March 2023 is our annual Science Week in school. Miss Hunter-Purvis (our Science Subject Ambassador) has organised a range of different activities for the children to take part in including:

- A visit by Durham Wildlife Trust
- AS Creatives will be in school working with each Learning Zone to deliver drama-based science sessions
- Each Learning Zone will be carrying out STEM (Science, Technology, Engineering and Maths) experiments in class
- On Tuesday 7<sup>th</sup> March 2023 we are holding a Science Exhibition in the school hall and inviting all parents & carers to come along and see the children's work on display.

We are also asking children to take part in our Science Experiment Challenge over the half term holidays. The theme for the challenge is 'Science In Action'.

Your child can carry out a science experiment or create a display to showcase their knowledge and create something which we will then put on display at our Science Exhibition. This could be as simple as a photo of your child carrying out an experiment or as complex as a display board or even the actual experiment set up for the display. They can be as creative and dynamic as they choose in how they showcase their science knowledge.

Please bring in your child's science entry for the exhibition on the morning of Tuesday 7<sup>th</sup> March 2023.

Yours sincerely

*Mrs D Cross*
