Re: Implications for Amethyst Learning Zone

The Amethyst Learning Zone are having work carried out during Phase 4 of the programme of works which we anticipate to be starting mid to late November and the actual date will be confirmed nearer the time. We are making every effort to avoid having to move the children to an alternative classroom and the contractors (Quora) have agreed to try to complete this work overnight or over a weekend to avoid having to move our youngest children.

Having said that, the original leak occurred in the Amethyst Learning Zone and therefore new flooring and decorating is required in this area. This will be planned once the main programme of works is complete and will probably be in the Spring Term.

Once again, thank you for bearing with us during this difficult time. Please be assured that every effort is being made to ensure minimal impact on teaching and learning across the school.

Yours sincerely

Mrs D Cross
